Zlaté pravidlo č. 4

Otázka aj zápor potrebujú pomocné sloveso!

V otázke ide pred podmet, v zápore k nemu pridáme not.

1 · Otázka a zápor *(Questions & negatives)*

otázka ?	zápor –
pomocné sloveso pred podmet	pomocné sloveso + not
Do you like it?	I **don't** like it.
Can you swim?	I **can't** swim.
Is she at home?	She **isn't** at home.

2 · Ktoré pomocné sloveso? *(Which one?)*

am / is / are · was / were	Are you...? · It wasn't...
can · must · will	Can you...? · I mustn't...
have (present perfect)	Have you seen...? · I haven't...
iné sloveso → do / does / did	Do you...? · She didn't...

Keď vo vete pomocné sloveso nie je, „požičiame" si do / does / did.

3 · Pozor! *(Mistakes)*

po slovensky stačí intonácia alebo ne-

~~You like pizza?~~ → Do you like pizza?

~~I not like it.~~ → I don't like it.

~~Do you can swim?~~ → Can you swim?

Teraz ty!

Urob otázku aj zápor:

She plays tennis. · He can dance.
